OSNOVNE TEHNIČKE KARAKTERISTIKE TERMINALNOG TRAKTORA SA ODGOVARAJUĆOM PRIKOLICOM ZA PRIJEVOZ KONTEJNERA I GENERALNOG TERETA - KOM. 2

Jedinica napajanja – diesel (dizel)
Minimalni kapacitet 35000 kg
Snaga 140-180 kW
Eko norma STAGE V (VI)
Pogon 4 x 2
Mjenjač sa 6 brzina
Kočnice hidraulične
Kabina s ventilacijom, grijanjem, klimatizacijom i sjenilom za sunce
Ploča s instrumentima s digitalnim i mehaničkim prikazom radnih i kontrolnih funkcija
Svjetla na traktoru 2 prednja, 2 zadnja radna svjetla i rotaciono svijetlo na vrhu kabine, pokazivači smjera
Sirena + zvučni signal kod vožnje unazad (rikverc)
Prednji i zadnji brisači sa sustavom za pranje prednjeg stakla
Kompresor - standardna oprema s izvodom za pumpanje guma i ispuhivanje
Zračne kočnice za prikolicu i elektro priključak
Katalog dijelova, upotrebe za rukovanje, servisi i detaljna shema stroja na hrvatskom jeziku u pisanom obliku i na USB sticku
Detaljna shema elektro instalacija i hidraulike
Obuka vozača i mehaničara
Udaljenost servisa i cijena sata servisera van garantnog roka
Vrijeme izrade, dopreme, puštanje u rad i primopredaja
Certifikat
Garancijski rok 2 godine ili 4000 radnih sati

Prikolica mora odgovarati ponuđenom terminalnom traktoru

Dužine cca. 12 m – 40' CTN
Nosivosti 60 tona
Za prijevoz kontejnera i generalnog tereta – 2x20' , 1x30' , 1x40'
Kočnice zračne, elektro priključak
Zadnja radna svijetla, pokazivači smjera
Vrijeme izrade, dopreme, puštanje u rad i primopredaja
Certifikat
Garancijski rok 2 godine

BASIC TECHNICAL CHARACTERISTICS OF THE TERMINAL TRACTOR WITH A SUITABLE TRAILER FOR THE TRANSPORTATION OF CONTAINERS AND GENERAL CARGO - PIECES 2

Power unit – diesel (diesel)
Minimum capacity 35000 kg

Power 140-180 kW
Eco standard STAGE V (VI)
Drive 4 x 2
6-speed gearbox
Hydraulic brakes
Cabin with ventilation, heating, air conditioning and sunshade
Instrument panel with digital and mechanical display of working and control functions
Tractor lights 2 front, 2 rear working lights and rotating light on the top of the cabin, direction indicators
Siren + sound signal when driving backwards (reverse)
Front and rear wipers with windshield washer system
Compressor - standard equipment with outlet for pumping tires and deflating
Air brakes for trailer and electrical connection
Parts catalog, operating instructions, services and detailed machine diagram in Croatian in written form and on USB stick
Detailed diagram of electrical installations and hydraulics
Training driver and mechanic
Service distance and price of a serviceman's hour outside the warranty period
Time of production, delivery, commissioning and handover
Certificate
Warranty period 2 years or 4000 working hours

The trailer must match the offered terminal tractor

Length approx. 12 m – 40' CTN
Capacity 60 tons
For transporting containers and general cargo - 2x20', 1x30', 1x40'
Air brakes, electric connection
Rear working light, direction indicators
Time of production, delivery, commissioning and handover
Certificate
Warranty period 2 years
